MOUTH PIECE

THE CABIN BOY!

Dear Marie,
Our boating holiday on the Norfolk Broads this summer was an unmitigated disaster, from a relaxation point of view. My husband managed to break two bones in his right hand when he lost control of the winch handle one morning, and my large bust landed me in such hot water with the locals, I figured your readers could benefit from reading about the full ins and outs of my unspeakably sordid tale!

It was when Harry was whisked off to hospital with his swollen hand, things became interesting. The nearest hospital was in Thetford, fifty miles away, leaving not-so-little me in charge of our hired Sunseeker cruiser - with the husband of the nice lady who, drove Harry to hospital, for company.

Okay, so wearing a bikini below decks when I prepared lunch, was a mistake - not that it gave him the right to creep up behind me when I was serving up and jiggle my boobs out of my cups. I was so outraged, I swung round and slapped his face. Only to discover he'd exposed himself and that at least ten inches of erection was protruding through his fly. As you can imagine, my hefty swipe rather took the edge off Peter's libido...

"I'm sorry - you caught me unawares," I said - but making no effort to re-unite my thirty-eight-inch boobies with my bikini top.

To be perfectly honest, if a mere five or six inches of dick had stood there winking at me, I'd have given its owner his marching orders. But stuck as I was, up shit creek without a paddle and feeling the effects of the day's first gin-and-tonic, there was no way I wanted Peter to zip up. A once in a lifetime opportunity, if ever, and only the cries of the seagulls for company.

"Perhaps you could kiss it better," said Peter, rubbing his face and evidently unaware of his double entendre.

"I'll kiss it better, all right," I said, dropping to my knees. "Oh, my darling, what a beauty!"

Though I say so myself, I look

good with a big cock in my mouth. It suits me - the perfect complement to my full, sensual lips, my thick mane of blonde hair and my enormous, stiff-nippled tits. I've always had this fantasy about appearing in Color Climax - covered in cum and a huge, black prick ramming into my cleavage - and accidentally-on-purpose leaving a copy on my coffee table when our hunky next door neighbour calls by...

But, excuse me, I'm getting carried away - which now I think about it is exactly how I was reacting to sucking Peter's enormous cock. Neither was it a one-sided affair - the way he so enthusiastically grappled and squeezed my highly decorous dangles while he stood there fucking

my mouth, made me want to play with myself.

I took him into the cabin and gave him a bottle of Johnson's Baby Oil with which to anoint my beautiful big tits. I lay back on the bunk after he'd rubbed in the last drop and masturbated him directly into my cleavage while he fucked me with his over-lubricated fingers and finally - joy, oh joy! - rolled me over on to my tummy and stuck that beast of a thing up my cunny from the rear.

When my husband returned with his arm in a sling and feeling so ludicrously sorry for himself, I was one seriously shagged lady. If he'd whipped off my bikini top he'd have found my nipples looking like they'd been round the NAAFI on a drunken Friday night - as raw as steak tartare and twice as tender. You men are such animals!

Lana,
Faversham.

"On first diagnosis, Mr. Fugthorpe, I'd say you have a midgut screwing your nose!"

UPS AND DOWNS!

Dear Marie,

My wife and I sure have had our ups and downs. The big mistake we made was marrying too young, and when we had our trial separation at the ripe old age of twenty-five, I was shattered. My Paula's a real stunner, and what with her really large bust, she turns heads wherever she goes. As time went by and she didn't phone, I became convinced some other bastard had got off with her. And I became so sexually frustrated, I even went with a prostitute - a deeply negative experience which made me realise just how good Paula and I were together.

Almost three months to the day - or night, I should say - the doorbell rang and there was my Paula. She looked

With that, Paula burst into tears, saying her life was in ruins and that I'd never want her back, under the circumstances. But she didn't know how much I loved her and how desperately I wanted her back - even though she was pregnant by another bloke.

I cradled my sobbing wife in my arms and dried her tears - and a little hand worked its way between my legs and squeezed the almighty bulge in my trouser leg. I got off the sofa, knelt in front of her and paid homage to her massive breasts and their perfect nipples, cupping them, caressing them, sucking them and - ultimately - masturbating

her nipples (using spit as a lubricant) like they were a pair of miniature cocks.

Paula laughed and called me a sappy sod when I said, "I suppose I can't fuck you, now that you're in the family way," and said so far as she was concerned, I could screw her brains out! We undressed and went to bed, but before reuniting with the most exquisite fuck, I straddled her chest and guided a wet, swollen nipple into my ureter.

For all her top-heaviness, my Paula's got quite "pointy" nipples, and the intensely erotic sensation of having one in my cum-cleft had me just desperate to ravish her. Maybe more young couples should give their broken marriages a second chance - there's a lot to be said for this kiss-and-make-up caper!

D.S.R.,
Hainault.

"I masturbated her nipples like they were a pair of miniature cocks!"

amazing. She wanted to "talk", she said, so I showed her inside, almost shaking with excitement.

I sat her down on the front room sofa and made her a cup of tea. She said she had something to tell me.

"Like what?" I said.

"I'll give you a clue," she said, and promptly unbuttoned her blouse. Honest to God, her breasts had swollen to almost double their size! Not only that, her aureolae had expanded and turned dark brown. My prick uncurling in my pants at the sight of her and I made to grab her, but she pushed me off. What did I want first, she asked, the good news or the bad?

"The good news," I said, well mystified.

"I'm three months pregnant," she smiled, caressing her perfect breasts and making me even more desperate to shag her.

"And the bad news?" I said.

"It's by someone else," she said. "But he's left me and I'm all on my own."

"Mum says I should always wear one when I have sex!"

MOUTH PIECE

GOOD-TIME SHARE

Dear Marie,

My name's Dana, twenty-two years of age and working as PA/secretary to the boss of a timeshare company.

I'm hopeless at my job, to be honest, but Jack likes having me around the office on account of being

"Jack pulled my knickers down and licked me out!"

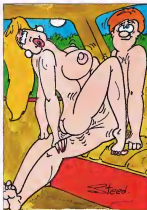

"decorative". He's a raving nutter when it comes to girls with big tits, and having a forty-inch bust like mine, I guess I'm perfectly qualified!

Mind you, I wouldn't put up with my boss's antics if I didn't fancy him. Time and again I've tried to get him to leave his wife and set up home with

me. I know he's tempted, because there's nothing I wouldn't do to make him happy. I love kinky sex and if he wanted to watch me perform with another girl or with one of his mates, that would be just fine by me.

One afternoon just recently when he returned from one of his liquid lunches with a new client, Jack slipped me twenty quid and asked me to give his client a flash of my bristles. I didn't tell him as much, but I'd have done it for free. Lovely it was, sitting there on my desk with my blouse open and my skirt up, massaging my nipples and making the boys all stiff in the pants...

Jack pulled my knickers down and licked me out - you should have seen the look of astonishment on his punter's face! Then when he'd had his fun, Jack slipped me another score and whispered in my ear that his client wanted "entertaining". A quick wank and a heavy tit-grope, and I'd earned forty quid in fifteen minutes!

"I always knew that moonlighting would be a hard job!"

It's what you might call the ideal working relationship, what Jack and I've got going. They say you shouldn't mix business and pleasure, but that's bullshit - I do the business, Jack gets the pleasure!

Dana,
Elstree.

"...and to the first of my sons to have a child I leave all my 23 gold mines!"

WOT A BEAUTY!

Dear Marie,

In the post-war period I was the assistant editor of a weekly news magazine called *John Bull* and one of the more pleasant aspects of my job was judging a beauty contest - very big business in those days - sponsored by the magazine and held annually at Eastbourne. Bribery and corruption involving gentlemen of the press was almost unheard of in those days, but when I was treated to a preview of the contest - an "undress rehearsal", you might say - I was so enamoured of a phenomenally big-breasted contestant, I vowed to ensure the £500 First Prize went to her. On certain conditions, I hasten to add...

Luckily for me, this busty young beauty was keen to play ball and later that night she came a-knocking on my hotel room door. She wore a tight, white angora sweater - chosen, surely, to show her astonishing breasts to maximum advantage - and when I ushered her in and cracked open a bottle of champagne, I turned to find her facing me on the sofa with her skirt up around her slender waist and her legs at a quarter to three. She'd removed her sweater and her breasts were all but bursting out of her brief black brassiere.

"I'll do anything for that five hundred quid prize," she said, the common little tart. "Do you want me to show you my tits and wank you off?"

"What's the rush?" I said. "We've got all night."

Like I thought, Veronica had never "had" champagne before and it went straight to her silly head. I pulled her panties open and put the champagne cork up her cunt, and asked her what her feelings were about cocksucking. She called me a dirty bleeder. If you please, and said I wouldn't dare. And furthermore, that not even prossies suck blokes' cocks.

But a girl's got to learn at some stage in her life, so I unceremoniously yanked Veronica's puppyfat paps out of her brassiere, opened my dressing gown and thrust my rampant prick into her dreamy cleavage - and then into her heavily-

lipsticked kisser.

My, you should have heard the language! In fact it was so choice, I could happily have ejaculated all over her pretty features on the strength of it. Instead, I took her to bed and plundered her teenage twat in front of a mirror I'd unscrewed from the wall in anticipation.

My beauty contest winner-to-be was deliciously tight between the thighs and her nipples rose

like cherries in response to my impassioned sucking. Working myself up to a vigorous sperm injection, I clenched darling Veronica's perfumed buttocks and emptied my seed into the neck of her womb.

A callous way to treat a lady? Not in the least! Veronica was wearing a contraceptive device known as a Dutch Cap, and all she had to do to divest her innards of my spermatozoa was to tug a little string. No, not the most subtle form of birth control!

J.E.,
Ruislip.

MOUTH PIECE

LESBIAN LUST!

Dear Marie,

I can't speak on behalf of my gay sisters, but the only reason I use girls-only nightclubs is to cruise for talent. Although I'm a mighty busty lady, the type of girls who make me gush are more the pert, petite type - cute little bums and tight little pussies! I like coming on strong like the real butch bitch I am, and I adore making them squirm with my big, black harness dildo. So if those bits of rough from "Up North" want to stay at my house till they get their lives sorted out, that's fine by me - but, by Christ, they've got to sweat for it!

Take this daffy little Michelle creature I picked up last week. Gorgeous little thing she was, what with her dyed-blond pubes and taut, muscular butt. All she's got eyes for is my forty-inch bust, which

is all very well from a foreplay point of view, but even when I'm fucking her, she won't leave them alone.

I mentioned this to my housekeeper last Friday, and we agreed that what young Michelle needed to iron out her wrinkles once and for all was a good, hard three-way session. Michelle freaked out when she got back from the club to find Debbie and me having a sixty-nine on the front room carpet - and freaked out a whole lot more when Debs and I grabbed her and got her on the sofa.

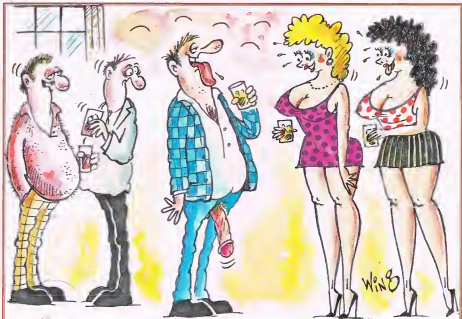

God, what a dirty session that turned out to be! After stripping Michelle and taking turns tonguing her out, Debbie and I took her to bed, where Debbie dildo-fucked her in the doggie-position while Michelle - whimpering like a puppy (dead sexy!) sucked my beloved titties and finger-fucked me.

I adore reading your **Big Ones** magazine and stroking my clit over

the centrespreads. If any of your tantalisingly top-heavy models are looking for dildo fun, don't hesitate to give my number away!

Tara,
London W11.

MOUTH PIECE

tits out for a pair of soft-dicks.

It's not easy, parting a Londoner from his booze, but a saucy shimmy of my boobies did the trick - not the most subtle of come-ons, but fucking

FILTHY 3-SOME!

Dear Marie,

I've lived around Newton Abbott all my life. Despite being really busy (42-DD) and only twenty-six years old, I've never been proposed to. Propositioned, countless hundreds of times, but never proposed to!

Winter in this part of Devon is pretty miserable, but the summer months are brilliant, especially on racing days when all those gorgeous, sharp-suited Londoners come down in their Jags and Range-Rovers.

It was one lunch time before racing last August, a couple of chaps chatted me up at the King's Arms. Londoners, they were, and they couldn't keep their eyes off my cleavage. One of them had a handlebar moustache and it got me really moist in the knickers, imagining him going to work on my nipples or between my thighs.

The trouble with Londoners is, they reckon they can drink us country bumpkins under the table, but when it comes to cider, they've got no head for it whatsoever. Two and a half pints later they were stewed. Me, I was just getting into my stride and feeling very frisky, thank you.

The problem from my point of view was there were two of them. When Tom -

the younger of the two - went to the Gents, I hinted to his pal Steve that I fancied moving on somewhere else with him - but minus his friend.

"No way," was his response. "We do everything together, me and Tom. That is to say, everything."

Kinky, or what? No matter, it was crucial to get these two idiots out of the boozier and down to the riverbank before the scrumpy knocked them sideways - no way was I getting my

effective! - and we headed down to the river, arm in arm.

Cider always makes me randy, so having two big dicks to play with instead of one, was no problem. A hundred yards down the towpath I led the boys into a favourite sex location of mine, an acre or so of couch grass almost four feet high.

It was the perfect setting for a really filthy threesome. I've always adored the feeling of sunshine on my naked body and it gave me a real buzz, lifting my T-shirt up to expose my boobs, then unzipping my skirt and dropping my knickers. I stepped out of them and turned round to find my lover boys had exposed themselves, lying there in the flattened grass gently tossing themselves off over my rude bits.

My boobs hung down to my navel, but it didn't seem to worry them one little bit. Tom got to his knees, grabbed two handfuls of my bottom and buried his face between my

"It gives me a great buzz to feel the sunshine on my

thighs, licking my clit out of her pocket and filling my slot with spittle. I called him a dirty fucker and he pulled me down on top of him, so's I was literally sitting on his pretty face.

"I reached for
Tom's cock and
started to
gobble!"

"Don't choke the poor sod!" young Steve guffawed, stripping naked. "Come on, doll, how's about a nice feel of those fucking great tits of yours?"

Christ, I felt such a whore! What with Tom's tongue deep up my twat and his oversexed pal standing beside me, tossing off into my cleavage, I must have looked just like a blue movie tart! I squeezed his big, velvety bollocks, then rolled his foreskin back till his big, purple knob glistened in the overhead sun. I popped the tip of my tongue in his pee-hole and a trickle of love-juice ran down his shaft, all the way to his nuts. Only then did I realise his pal had substituted his prying tongue for four, rigid fingers...

But while the smell of male B.O. had me sexed out of my brains, it was the smell of cum I craved above all else. I lay back in the grass for Steve to fuck me, and while he clung to my knees and pumped drunkenly away, I reached for Tom's cock and started to gobble. The way he so crudely mauled and pawed my big, fat teats got me so worked up I started to climax. And what did I get for my trouble? A faceful of spunk - and the watery balance in my hair and over my stiff, swollen nipples.

Fucked me rotten, they did, over the next two hours, even using me on my hands and knees - working at me from both ends so's I felt more like a barbecued piglet than a hard-to-please woman.

**You'll find BIG ONES BEACH FRONT
SPECIAL to your T-A-S-T-E!**

By the time they'd had their way with me, the grass was littered with spunky rubbers and my nipples were swollen to the size of strawberries. So come down to Devon, you cock-

happy Cockneys, and we big-busted country girls will give you a taste of REAL Devon cream!

Rita,
Newton Abbott.
